1937 RS—5

(c) No, Sir.

(d) Steps taken/being taken to increase production of steel in the country include modernisation/technological upgradation of plants, improved plant and equipment maintenance, optimisation of captive power generation, ensuring availability of adequate inputs and of right quality. In addition, the Visakhapatnam Steel Plant Project is under implementation.

As the main constraint in the production of aluminium is inadequate availability of power, the production of aluminium is sought to be increased through setting up of captive power plant for BALCO's Smelter, regular liaison with the concerned State Electricity Boards for ensuring adequate power supply to the aluminium smelters of INDAL & MALCO and setting up of an integrated Bauxite Alumina—-aluminium complex with a captive power plant in Orissa.
